Ismail Raqi

Software Engineer

Rabat, Morocco · +212 6 15 38 47 38 · cs.ismailrq@gmail.com
github.com/ismailrq · linkedin.com/in/raqi

Software engineer with experience in application architecture, technical leadership, and product delivery. Focused on practical problem-solving and reliable, maintainable software.

EXPERIENCE

BROKERAGE & REIM

Sep 2022 - Aug 2026

Location-based augmented reality real estate platform · Morocco

CTO & Lead Developer — Nov 2023 - Aug 2026

- Owned application architecture and technical decisions, defining how its core components communicate.
- Led mobile, location-based AR, and backend integration work; set development priorities.
- Resolved iOS and Android integration and reliability issues; managed native builds and tester releases.

Mobile Engineer — Sep 2022 - Nov 2023

- Built mobile features and integrations, resolving platform-specific and performance issues.

Freelance Software Engineer

Jan 2025 - Jan 2026

Network Reliability Analyzer — Sep 2025 - Jan 2026

- Built reliability block diagram (RBD) databases for curative congestion management (SPM-SPS, MPM-C).
- Added dynamic routing, OSPF connectivity analysis, and Kochs calculations for all outages in both models.
- Produced RBD visualizations and plots of average availability for static and OSPF routing.

Media processing service — Jan 2025 - Sep 2025

- Built a service for downloading media, converting audio, and extracting metadata.
- Set up background processing, cloud file storage, and reuse of previously processed files.
- Added live status updates, time-limited download links, and service health checks.

TECHNICAL SKILLS

Languages: Python, Dart, C#, SQL
Frameworks & libraries: Flutter, FastAPI, NetworkX
Engines & AR: Unity, ARCore
Databases & storage: SQLite, Redis, Hive, Amazon S3
Background jobs & APIs: Celery, REST APIs, WebSockets
Development tools: Git, Docker, Sentry

EDUCATION

1337 Coding School (42 Network)

Nov 2021 - Sep 2022

Software Engineering Program · Khouribga, Morocco

Languages: Arabic: Native · English & French: Working proficiency
